

The Georg Mohr Contest 12th January 2021

Dear participant in the Georg Mohr contest,

This year due to school closures, the Georg Mohr contest will be held online. To participate, you must confirm to your teacher that you have read this letter carefully and that you will not share the problems of the exam with anyone before 17:00 12th January 2021.

When submitting your script you must enclose a signed copy of the form on the next page.

Before the contest:

- a) Before the contest make sure that you are able to scan your script and send it as a single pdf file to your teacher. Many smartphone apps provide such functionality. Please make sure that you master this before the start of the exam.

The contest:

- b) You will receive the exam paper from your teacher at 9:00 12th January 2021.
- c) During the contest you must at all times be video monitored by your teacher, i.e., you should sit in front of a camera, for instance the webcam of your computer. Leaving the camera is only allowed for bathroom breaks, so please make sure that you have everything you need for the exam with you beforehand. Your teacher will tell you more about how the video monitoring will work in practice.
- d) Only writing and drawing tools may be used during the exam. You should sit at an empty table without access to anything except blank paper, writing and drawing tools, the form to be signed, and food and water. The only exception is a computer that may only be used for the video monitoring and viewing the problem statement.

Submitting your script:

- e) At 13:00 at the latest you must submit a pdf file to your teacher. It should contain your script **and a signed copy of the form on the next page** (which may be handwritten if you do not have access to a printer). For this purpose you may use a device for scanning your script, e.g., a smartphone.
- f) **The name of the pdf file must contain the name of your school as well as your name**, for instance "Georg High School– Jane Doe.pdf".
- g) You should wait for your teacher to reply to you that the submission has been approved.

We hope that this year's problem set will provide you with some nice and challenging hours.

The problems and solutions will be published on the website of the Georg Mohr contest at 17:00 on 12th January 2021.

Immediately after reading this please remember to reply to your teacher with the following:

"I hereby confirm that I have read the participant letter thoroughly and that I will not share the problems of the Georg Mohr contest with anyone before 17:00 12th January 2021."

This is required for participating.

Best wishes,

The Georg Mohr Contest
